Featured Presenter:

Winnie Dunn, Ph.D., OTR/L, FAOTA is Professor and Chair of the Department of Occupational Therapy Education at the University of Kansas Medical Center. She is the leading authority and internationally recognized for her research about how people respond to sensory experiences in their everyday lives. Professor Dunn has published widely and her work on sensory processing includes development of a set of measures, called the Sensory Profiles, which are used by many disciplines internationally. She lives with her husband Tim in Kansas City, Missouri.

Celebrating the Accomplishments of ASOT Alumni

The Auerbach School of Occupational Therapy (ASOT) facilitates the development of dynamic occupational therapy leaders who exemplify professional accountability across diverse service delivery contexts. The faculty and staff are excited about offering this learning opportunity to alumni and to those who assist us in our efforts to assure quality educational experiences for current and future students.
