Proposed Courses of Action for Improvement in Learning Outcomes for which Performance Targets Were Not Met:

1. This was the first year using the rubric with new categories so a review of rubric use will take place before the class is taught again. Also, in a review of the assignments students struggled the most with writing assignment #2. The instructor will incorporate additional instructions related to assignment #2.

Section II: Operational Assessment (Note: Complete this section only if you received first-time accreditation or reaffirmation of accreditation after January 1, 2011.)

Operational Assessment	
Intended Operational Outcomes	
1. Students will demonstrate academic success by persisting from one academic year to the next until graduation.	
2. The School of Business will provide a curriculum that meets the needs of the times.	
3. Students will be advised in an efficient and effective manner by faculty advisors.	
4. Previous year’s undergraduate alumni have found employment in their field of training.	
5. Encourage engagement with business community, professional organizations and the community at large.	
Assessment Measures/Methods for Intended Operational Outcomes:	Performance Objectives (Targets/Criteria) for Operational Assessment Measures/Methods:
1. Retention data. Intended Operational Outcomes Assessed by this Measure: #1	85% of BSA and BSBA students from previous year, who did not graduate, will be retained the next fall.
2. Curriculum review conducted by School Advisory Board when needed. Intended Operational Outcomes Assessed by this Measure: #2	Complete extensive curriculum review every three years and complete specific course reviews as needed per year.
3. Graduating Senior Survey Intended Operational Outcomes Assessed by this Measure: #3	85% of students rate their satisfaction with advising as a 4 or higher on a scale from 1 to 5, with 5 being Very Satisfied.
4. <i>Alumni Survey</i> Intended Operational Outcomes Assessed by this Measure:#4	80% of responding BSA and BSBA students indicate they are currently employed in their field of training.
5. Audit of involvement in organizations, number of speakers in classes, number of relationships with community partners, and continuation of School of Business Advisory Board. Intended Operational Outcomes Assessed by this Measure: #5	Increased use of speakers, increased involvement in organizations and expansion and involvement of Advisory Board.
Summary of Results from Implementing Operational Assessment Measures/Methods:	

1. 85% of BSA and BSBA students were retained.

2. An extensive curriculum review was completed with advisory board. The information was used to create a presentation that was shared on LinkedIn. The information did not lead to the need to change or add any courses for this year.

3. 95% of students rated their satisfaction with advising at a 4 or higher.

4. 67% of responding students indicated employed in their field of training.

5. The number of speakers in classes remained steady, organizational involvement included ASTD, KYCPA, IABC, and SHRM. The Advisory Board continued and three new members were added to the Board. We also changed the structure of the board to a task force structure for 16-17.

Proposed Courses of Action for Improvement in Operational Outcomes for which Performance Targets Were Not Met:

1. The goal was not met but on a low response rate. We will continue to encourage internships while at Spalding. We will also make students aware of the Career Central Network and career services. We will continue to distribute survey but earlier so that more reminders can go out. We will also inform students that they will receive this email approximately 8-10 months after graduation while they are in the capstone course. We will also use LinkedIn to supplement the survey data to determine if students are employed in their field of training.
