

Master of Science in Athletic Training Program (MSAT)
Estimated Schedule of Costs

The following items represent projected costs for students enrolled in the MSAT Program. These costs are estimated costs provided for budgeting and planning purposes only. They do not represent actual costs one may incur through the program, for these will vary based upon individual student needs.

1. University Tuition and Fees
These are available from Enrollment Services and are updated each year. You can find the current schedule of tuition costs at <https://spalding.edu/admissions/tuition-and-fees/>.

2. Textbooks
Estimated Costs of Textbooks per session (Academic A.T. program) \$75- \$400
Entire estimated program textbook costs: Approx. \$2500 - 3000

3. Orientation
Online Medical Terminology costs (if applicable) \$129.95
Castlebranch (background check and immunization tracker) \$102.75

4. Atrack \$45/annually or \$80/lifetime
Required to log pre-clinical and clinical hours in both years

5. National Athletic Trainers' Association (NATA)
Student Membership / Annual (Non-Certified) \$80.00/annually
 - a. Kentucky Athletic Trainers' Society (KATS) Student Membership Included in NATA fees
 - b. Southeast Athletic Trainers' Association (SEATA) Student Membership Included in NATA fees

***NATA student membership is required for all MSAT students for practice exams**

6. Attire
Students will be required to purchase MSAT polos for clinical education rotations. Students have the option to purchase additional MSAT attire, such as jackets. Professional attire, such as khakis, athletic shoes, belt, are required while the student is out on clinical education rotations.

MSAT Student Polo Shirts \$30/polo
**MSAT students are provided with a fanny pack, one polo, and one jacket to begin clinical education, but will need to purchase additional polos for full time immersive rotations during year two*

7. Clinical Education Costs
There may be additional costs for travel, lodging, meals and other associated living costs due to some Clinical Education placements. All extra costs related to travel, lodging, meals and other associated living costs are the sole responsibility of the student. The Program Director and Clinical Education Coordinator will communicate with all students before Clinical Education placement to ensure that any extra associated costs will be approved by the student.

The following items are Clinical Education requirements:
 - a. Annual CPR Certified \$50.00 - \$60
 - b. Immunizations/Titer Varies
 - c. TB Skin Tests annually \$10.00-15.00
 - d. Drug Testing *Required for some Clinical education rotations
